

Privacy Statement

Since your privacy is important to us, MSUSAG has created this privacy statement in order to demonstrate our firm commitment to privacy.

The following discloses our information gathering and dissemination practices for the MSUSAG website:

Information Collection

We will ask you when we need information that personally identifies you ("Personal Information") or allows us to contact you. Generally this information is requested when you register for an online service or when you provide information in connection with an online transaction.

- When you order, we ask you for your name, e-mail address, shipping and billing addresses, telephone number, and credit card information.
- When you enter a contest or other promotional event, we may ask for your name, address, telephone number and e-mail address so we can administer the contest and notify winners.
- We may use your IP address to help diagnose problems with our server, and to administer our Web site. Your IP address is also used to help identify you and your time spent at our sites, and to gather broad demographic information. This allows us to see which parts of our sites users are visiting. We do not link IP addresses to anything personally identifiable. This means, for instance, that a user's session will be tracked, but the user will remain anonymous. We do not use it for any other purposes.

When a user submits personal information, it is kept on a private server not accessible from the Internet. This prevents any malicious use of your information. Visitors can change or correct information about themselves via our registration system. If there is a problem with a change being accepted by our system, you may contact us at the email address: msusag@msusag.org. If you choose not to register or provide personal information, you can still use most of the MSUSAG site. But you will not be able to access areas that require registration. Only the domain name from which you access the Internet, the Internet address and the date and time you access our web sites are logged. MSUSAG uses this information to analyze trends and to measure the number of visitors to our web sites.

Use of Personal Information

MSUSAG may share non-personal, summary information regarding its members with partners or other third parties. However, for partners or third parties under contract with MSUSAG, any individual customer information provided shall be used only to perform or complete a necessary transaction or function related to the member's purchase. These transactions or functions shall be in accordance with the terms of this Privacy Policy Statement. MSUSAG will not share any individual member information outside of the contracted partners and third parties mentioned above, without first receiving the individual's prior written approval. In short, MSUSAG does not sell registrant information to lists.

Online Purchases

When you place orders or access your account information, we offer the use of a secure server, which increases the security of each transaction. Our secure server software (SSL) encrypts all information you input before it is sent to us. Furthermore, we take steps to protect the customer data we collect from unauthorized access, disclosure, alteration, or destruction.

Credit card numbers are used only for processing payments the user requests through this service and are not retained for other purposes. When you submit an order on-line, your credit card number is submitted to the credit institution for normal, routine processing. MSUAG does not collect your personal credit history information and does not share credit or credit card information with other third parties unless compelled by law or a court order to do so.
